

ABOUT US

Working with numerous clients, AboutTech has grown into a respected system provider and integrator, seeking to constantly deliver value and quality to our customers. This is achieved by offering a customised solution involving quality products supported by dedicated service and training.

AboutTech offers a unique point of difference in the market with our ability to provide quality training and professional development through our parent company, Envisage Training, ensuring our clients obtain maximum return on investment.

As a company, we pride ourselves on under promising and over delivering for all our clients. This is achieved through open and honest communication offered in a consistent and professional manner.

flexible solutions for our clients' needs

CORPORATE

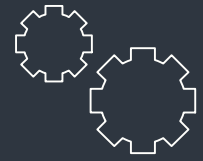

AboutTech are always pleased to work with our corporate clients to deliver a turn key technology solution. Engagements range from Interactive technologies, data projection & screens, control systems and PA systems. Working with a team of product and services specialists, AboutTech are confident in our ability to deliver a flexible solution designed to maximize functionality whilst providing an excellent return on investment.

“CLEAR COMMUNICATION & CONSULTATION PROVIDES A TOTAL END TO END SOLUTION”

GOVERNMENT

AboutTech works closely with a number of local and state government departments in metropolitan, regional and remote locations across Queensland.

Holding GITC accreditation, AboutTech delivers integrated technology solutions including design, installation and professional development. Following an engagement, AboutTech maintains communications with our clients to ensure that optimal client satisfaction is achieved.

CUSTOM SOLUTIONS

Every client has unique needs, so AboutTech always consults closely with our clients to ensure that the best solution is put in place. Typically this involves site visits and meeting with all key stakeholders to identify their specific needs and assist them on the best way forward.

BRANDS & WARRANTY

AboutTech provides quality goods and products to our clients, working with reputable and established brands supported by comprehensive warranties. Interactive Whiteboard brands include: Teamboard, whilst Data Projectors include Toshiba, Sanyo, Hitachi, NEC, BenQ + more

INSTALLATION SOLUTIONS

AboutTech have several installation teams at the ready. Our professional, experienced teams include licenced electricians who can take care of power and data requirements. All teams work statewide and hold asbestos certification...
